(c) A pumice stone shall not be reused from one customer to another to prevent the spread of infection.

Authority O.C.G.A. §§ 43-10-2 and 43-10-12.

PROPOSED AMENDMENTS TO CHAPTER 130-4 "DEALING WITH ESTABLISHMENT"

130-4-.06 Apprentices. Amended.

(1) Each apprentice shall be trained and supervised by one master cosmetologist as shown on the apprentice's registration filed with the Board by the salon/shop owner/manager.

(2) The salon/shop owner/manager may temporarily designate a qualified master cosmetologist to train and supervise the apprentice in the absence of the master licensee who is registered with the Board as being the master cosmetologist responsible for training the apprentice. The temporarily designated master cosmetologist shall have at least 36 months experience and shall have held a certificate of a master for at least 36 months as required by O.C.G.A. 43-10-14(a). The burden of proof for establishing that circumstances exist which require assigning an apprentice to another licensed and qualified master on a temporary basis shall be deemed to have been met if the training master cosmetologist is absent from the salon/shop for a limited duration of time. Such time periods include, but are not limited to, illness, jury duty, military leave, absences for personal business or travel, vacation, temporary leave of absence from work, or a leave under the federal "Family and Medical Leave Act".

(3) Any apprentice training hours obtained at a location other than the salon/shop registered with the Board as the apprentice's training salon/shop shall not be counted toward the number of hours required for examination and licensing.

**PROPOSED AMENDMENTS TO CHAPTER 130-5
“SANITATION AND HEALTH”**

**PROPOSED AMENDMENTS TO RULE 130-5-.05
as voted upon on 12-14-2005 by the Georgia State Board of Cosmetology:**

130-5-.05 Cleaning and Recommended Disinfection of Implements. Amended.

- (1) All multi-use tools, implements, and equipment used for cosmetology services that come in contact with a client must be cleaned of all visible debris after each use and disinfected after each use by complete saturation or immersion for at least 10 minutes in an EPA registered, hospital grade disinfectant according to the manufacturer's directions. Each salon or shop shall have wet and dry disinfectant sanitizers in the salon or shop at all times.
 - (a) Multi-use items constructed of nonporous materials such as metal, glass, or plastic for use on more than one client include, but are not limited to the following items: nail clippers, cuticle nippers, cuticle pushers, scissors, shears, reusable nail forms, manicure and pedicure bowls, foot files, glass, metal and fiberglass files, metal drill bits, tweezers, comedone

extractors, brushes, combs, clips, non-disposable pencil sharpeners, and any other metal tools/non-porous implements not listed above.

(b) Single use items shall be discarded after being used one time. These items include: buffers, emery boards, nail files, sleeves and sanders for electric files, orangewood/birchwood sticks, wooden applicator sticks or spatulas, porous foot files, pedicure slippers and toe separators, disposable gloves, paraffin liners, cotton balls, cotton strips or swabs, neck strips and muslin strips or any items that cannot be sanitized.

(2) Wet disinfection standards for tools, implements, or equipment:

(a) After cleaning, all tools, implements and equipment must be disinfected by complete saturation or immersion (enough solution to cover all surfaces of the item) for 10 minutes in an EPA registered, hospital grade disinfectant that is bactericidal, virucidal, fungicidal, and pseudomonacidal. The disinfecting solution must be changed daily and prepared according to manufacturer's directions.

(b) All tools, implements, or equipment that come in contact with blood or body fluids must be disinfected by complete immersion for a minimum of 10 minutes in an EPA registered disinfectant that is effective against HIV-1 and Human Hepatitis B Virus, or tuberculocidal that is prepared and used according to the manufacturer's directions.

(3) Dry storage standards for tools, implements, or equipment:

(a) All disinfected tools and implements shall be stored in a sanitary manner in a covered container. The container must be labeled to show that it contains disinfected tools and implements. An EPA **registered** dry disinfectant shall be used.

(b) Soiled and dirty tools and implements must be stored in a separate and properly labeled covered container. Soiled and dirty tools and implements shall not be used again until properly cleaned and disinfected according to the procedures stated in this rule.

(4) Hand washing is required before and between providing services to each client. An anti-bacterial soap is recommended to sanitize the hands and the exposed portions of arms before providing services and after smoking, drinking, eating, and using restrooms.

(5) Pedicure equipment cleaning disinfection procedures to be used for all pedicure equipment that holds water including sinks, bowls, basins, pipe-less, and whirlpool spas are as follows:

(a) After each client, all pedicure units must be cleaned with a chelating soap or detergent with water to remove all visible debris, then disinfected with an EPA registered hospital grade bactericidal, fungicidal, virucidal, and pseudomonacidal disinfectant used according to manufacturers instructions for at least ten (10) minutes. If the pipe-free foot spa has a foot plate, it should be removed and the area beneath it cleaned, rinsed, and wiped dry.

(b) At the end of each day of use, the following procedures shall be used:

1. All filter screens in whirlpool pedicure spas or basins for all types of foot spas must be sanitized. All visible debris in the screen and the inlet must be removed and cleaned with a chelating soap or detergent and water. For pipe-free systems, the jet components or foot plate must be removed and any debris removed and cleaned. The screen, jet, or foot plate must be completely immersed in an EPA registered, hospital grade bactericidal, fungicidal, virucidal, and pseudomonacidal disinfectant that is used according to manufacturer's instructions. The screen, jet, or foot plate should be replaced after disinfection is completed and the system flushed with warm water and low-sudsing soap for 5 minutes, rinsed, and drained.

2. After the above procedures are completed, the basin should be filled with clean water and the correct amount of EPA registered disinfectant. The solution must be circulated through foot spa system for 10 minutes and the unit then turned off. The solution should remain in the basin for at least 6 to 10 hours. Before using the equipment again, the basin system must be drained and flushed with clean water.

(c) Once each week, additional procedures should be performed. After completing the required cleaning procedures for the end of the day, the basin should be filled with water that contains one teaspoon of 5.25% bleach for each gallon of water. The solution should be circulated through the spa system for 5 to 10 minutes and then the solution should sit overnight in the basin, or for at least 6 to 10 hours. Before being used again, the system should be drained and flushed.

(d) A record or log book containing the dates and times of all pedicure cleaning and disinfection procedures must be documented and kept in the pedicure area by the salon or shop and made available for review upon request by a consumer and/or an inspector from the Board.

AFFIDAVIT SUPPORTING CLOSING

OF PUBLIC MEETING

The Georgia Open Meetings Act, O.C.G.A. §50-14-1 et seq., requires that all meetings of an entity covered by the statute must be open to the public unless there is some specific statutory exception which permits the closing of the meeting. If such a meeting is to be closed, the law requires that the presiding person execute a sworn affidavit stating that the subject matter of the meeting or the closed portion thereof was devoted to matters within the statutory exceptions and identifying those specific exceptions relied upon. O.C.G.A. §50-14-4(b). A copy of this affidavit must be filed with the minutes of the meeting in question:

Comes now Martha Harris, the presiding officer identified below and, before an official duly authorized to administer oaths, makes this affidavit in satisfaction of the statutory requirements outlined above.

1. I am the presiding officer of the Georgia State Board of Cosmetology.

2. I am over the age of 18 years of age and in all other aspects competent to make this sworn statement. I acknowledge that I am giving this statement under oath and penalty of perjury and that I have read the contents of this affidavit prior to signing it.

3. On December 14, 2005 this entity, which is subject to the Open Meetings Act, met. A majority of the quorum of the members present voted to close the meeting or a portion thereof for the following indicated reason(s). I hereby certify that during the closed portion of the meeting, only those subjects indicated below were discussed. I also certify that I have reviewed the exceptions provided under the Open Meetings Act that may permit the closing of a meeting and that, to the best of my knowledge, the reasons I have described in detail below meet the requirements for closing this public meeting.

4. The legal authority for the closure of this meeting was:
O.C.G.A. § 43-1-2(k), 43-1-9(h)

5. The subject(s) discussed and the underlying facts supporting the closing of this meeting are: receiving disciplinary reports; reviewing applications.
